1A: FOOD IN THE UK

Poznaš kakšno tradicionalno britansko hrano? V tej nalogi boš spoznal nekaj tipičnih jedi, če pa te zanima, kaj 'mora' vsakdo, ki potuje po Veliki Britaniji, poskusiti, pa si poglej slike in zanimiva imena jedi na povezavi (seveda lahko preberes tudi besedilo):

<https://www.expatica.com/uk/lifestyle/food-drink/british-foods-with-recipes-107897/>

V zvezek prepiši besede iz oranžnega okvirčka, dopiši številko ustrezne sličice in napiši prevod (pomagaj si s slovarčkom v učb. zadaj).

Za jedi, ki ti niso znane, so ti v pomoč spodnji opisi.

(Poslušaj posnetek in preveri rešitve. Poslušaj, kako se posamezne jedi pravilno izgovarjajo.)

Custard is a sweet sauce, traditionally made from milk/cream, sugar, egg yolks and vanilla. However, it is often bought as 'custard powder', thickened with cornflour rather than eggs, to which milk is added to make a quick version of the sauce. It is served with desserts like fruit pies and steamed puddings.

Baked beans can be home-cooked, but are usually sold in tins. They are white beans stewed in a slightly sweet tomato sauce. Quickly heated, they are often eaten on toast or with bacon and eggs.

Baked potatoes (or 'jacket potatoes') are large potatoes roasted whole in their skins in the oven and served with an added topping (for example, sour cream and grated cheese or baked beans).

Ready-made curry is just one of many kinds of 'ready meals' available in supermarkets, with pre-cooked servings that need only to be heated up in the microwave or oven. Strongly spiced curry dishes, originating in India, Pakistan and South-east Asian counties, are extremely popular in the UK.

1B: Preberi vprašanja, kako bi nanje odgovoril? Razmisli in odgovori še:

Do you often eat ready-made meals (predpripravljene jedi – konzervirane, zamrznjene, ki jih je treba le pogreti/skuhati/speci)? Do you use frozen chips? How often do you eat biscuits? Do you usually have ketchup with a burger/chips?

1C:

Poskušaj razvozlati za katere vrste zdrave hrane gre.

Obrni na str. 133 in preberi še dodatno besedišče povezano s hrano.

V zvezku si pripravi razpredelnico in se spomni (iz 4., 5., 6. razreda) čim več besed za poimenovanje različnih vrst hrane (razvrsti po sklopih), pomagaš si lahko s slovarčkom.

2A: Who can you see in the photo? What does the word **barbecue** mean? What is in the bowls and on the plates?

BARBECUE (okrajšano BBQ; Australian English – barbie) - žar (več pomenov):

Make sure you light the **barbecue** on time. – kovinska priprava za žar

He made some salads to have with the **barbecue**. – hrana (meso/zelenjava) pripravljena na žaru

We're having a **barbecue** on Saturday - I hope you can come. – dogodek, zabava, kjer se peče na žaru, ljudje pa se ob tem družijo

2B: Poslušaj/preberi pogovor.

Zapiši si nekaj primerov, kako na vlijuden način povemo, kaj bi radi (jedli/pili), kako nekaj ponudimo ipd.:

Would you like a beefburger?

Could I have a beefburger?

I'd like a veggieburger.

Would you like a drink?

Could I have some lemonade?

Here you are. – *Izvoli.*

Help yourself. – *Kar postrezi si.*

2C: Preberi trditve in presodi, katere so resnične (True) in katere neresnične (False).

Označi jih s T in F. Tiste, ki so 'false' popravi in popravljene povedi napiši v zvezek.

ENJOY YOUR MAY BREAK! ☺
